# 02 · Lesson spec

*Practice & Play: Robot Says Games · 40 minutes · game rotation in groups of 4–6 · fully unplugged · no new concept*

| | |
|---|---|
| **Goal** | **I can play Robot Says games and fix a wrong card.** |
| **Core parts** | Move + Code |
| **Key words** | Review: step · order · command · first · next · last · fix · again |
| **Materials** | Five station signs (Printables); card sets from Weeks 1–6 at each station; FIRST–NEXT–LAST strips; ↻ cards; a soft toy; class observation checklist (Guide 05) |

## 1. Watch (5 min)

- **Say:** “It’s game week! We are playing all our robot games again.” Show each station sign and do one quick example.
- **Ask:** “Which Ayo game do you like best?” Take a few answers.
- Explain the rule: “At each station, everyone gets a turn to be Ayo **and** the commander.” A clap means “move to the next station”.

## 2. Game rotation (25 min)

| Station | Replays | What children do |
|---|---|---|
| A · Robot Says | Weeks 1 and 3 | Follow 3 commands; give 2 commands to a friend-robot. |
| B · Morning Order | Week 2 | Put the morning cards in order and act them. |
| C · First–Next–Last line-up | Week 4 | Three children act stand, walk, wave; the group says first, next, last. |
| D · Silly Ayo + Card challenge (teacher) | Week 5 | A partner lays 3 cards and swaps two; you find and swap them back. |
| E · Robot dance | Week 6 | One move + ↻ ↻ = 3 times. Count together. |

- Five stations, about **4–5 minutes each**. Groups of 4–6 rotate on a clap.
- **The teacher stays at Station D** (Silly Ayo + Card challenge, Core: Code) and works with children who need more help with ordering and fixing.
- Station A and E are the **Core: Move** games. A helper, an older child or a confident child can lead them.
- Big class? Run two copies of Stations A and E, or play 3 stations today and 2 in Week 8 (see Guide 05).
- **Stretch** at Station D: lay 4 cards and swap two for a friend to fix.

## 3. Share (10 min)

- **Activity Book page** (4 min): circle the card in the wrong place. Not marked.
- **Ask:** “Which game was your favourite? Who caught Silly Ayo’s mistake?”
- **Create** (if time allows): draw your favourite Robot Says game.

- **Close:** sing out the Term 1 words with their hand signs: step, order, command, first, next, last, fix, again.

## Common mistakes

- The same confident child is always the commander → use the rule “everyone is Ayo and commander once”.
- Reshuffling all the cards at Station D → “Find the two that are wrong; check each card.”

## What if it doesn’t work?

- Rotation is too noisy or slow → run 3 stations today, 2 next week; or play one game at a time as a whole class.
- Missing cards → use hand signs and acting; every game works without cards.

## Support and stretch

- **Support:** the teacher’s station gives extra turns with 2 cards before 3. Pair a less confident child with a kind helper.
- **Stretch** (optional, never assessed): lay 4 cards and swap two for a friend to fix.

## How we check

Observation checklist (Guide 05): **follows 3 commands and gives 2 · orders 3 cards · swaps back two swapped cards**. Tick during the rotation, mostly at Station D.

> **Safety**
> Spread stations around the room. Walk between stations. Small jumps only at the dance station. The teacher keeps an eye on any door line-up.
