05 · Teacher and parent guide

Part A is for the teacher. Part B is the take-home note for parents and carers.

Part A · For the teacher

This week in one line: decision thinking. Children look at two ways, think about what will happen, and **choose the safe one**. This prepares them for “if this happens…” in Week 6.

Get ready (15 minutes before class)

- Tape two routes on the floor to one box. Put a paper zebra crossing on one and a “busy road” strip on the other.
- Print the choice cards, two-route mats and thumbs-up cards (Printables PDF).
- Read the lesson spec the evening before and lay out the cards.

Key words and hand signs

Word	Say it like this	Hand sign
choose	“Pick one.”	Point to one, then the other, then pick
safe	“No one gets hurt.”	Arms hug yourself
danger	“Someone could get hurt.”	Hands up: stop!
zebra crossing	“The striped place to cross the road.”	Draw stripes in the air
why	“Tell me the reason.”	Shrug, palms up

> **RhinoBot tip**
> Ask “why?” every time, but accept simple reasons: “because cars stop”, “because Mama holds my hand”. Explaining is the Stretch; choosing the safe way is the Core.

Road safety message (say it often)

Children never cross a road alone. They cross **with a grown-up**, at a zebra crossing when there is one, after the cars stop. If there is no zebra crossing, the grown-up chooses the safe place.

Checking learning

Watch, don’t test. Tick each child who chooses the safe way of two (Review sheet 06). Each child who does it gets a **Step Star sticker**.

Part B · Take-home note for parents and carers

This week your child learned to choose the safe way from two choices, like crossing at the zebra crossing instead of running across a busy road.

Try this at home (5 minutes)

1. On the way to school, point to a zebra crossing. Ask: “Why is this the safe way?”
2. Play “Which is safe?”: give two choices (walk or run on the stairs; sit or stand on a chair). Let your child choose and say why.
3. Remind your child: we always cross the road holding a grown-up’s hand.

Words to use together

choose · safe · danger · zebra crossing · why

Play together

Scan the QR code in the book, or visit: https://rhinoxscientifica.com/q/n1-t3-w3

There you will find the printable cards and two-route mats (optional; screen time is never needed).
