02 · Lesson spec

Revision & reinforcement · Smart Review · 40 minutes · four stations, groups of 4–6 · fully unplugged · no quiz

Goal	**I can copy, continue and predict a pattern, and sort by one rule.**
Core parts	Move + Code
Key words	All Term 2 words
Materials	Four station signs (Printables); colour and shape strips; hoops and big objects; the W4 shape track; Term 1 step cards (wake, brush, eat); Term 2 checklist (Guide 05)

1. Quick recall (5 min)

- **Clap:** clap, stamp, clap, stamp… freeze! “What comes next?” Children say it and do it.
- **Show:** red, blue, red card, then cover them. “What did you see? What comes next?”
- **Ask before you show.** Let children answer first, then check together.

2. Smart Review stations (25 min)

Station	Brings back	What children do
1 · Copy and Continue	W1, W4	Copy a colour or shape strip, then continue it. From memory: the teacher shows 3 cards, hides them, the child lays them and adds the next.
2 · Clap the Pattern: What Comes Next?	W2, W3, W5	The leader claps and stamps a pattern and freezes; children say and do what comes next.
3 · Sorting Robot	W6	Carry big objects to the hoops by one rule; say the rule.
4 · Pattern Hop (teacher)	W4, W8	Hop the shape track saying the shapes. Then the MVL thread: order 3 step cards and swap back two swapped cards (separate note).

- Four stations, about **6 minutes each**. Groups of 4–6 rotate on two claps.
- **The teacher stays at Station 4.** After Pattern Hop, each child does the **MVL thread**: order 3 step cards (wake, brush, eat), then a partner swaps two and the child swaps them back. Record it on the separate MVL note.
- **From memory** at Station 1: show 3 cards for a count of 3, hide them; the child lays the same 3 and adds the next.
- **Stretch:** harder station cards (ABB patterns: red, red, blue, red, red, blue).

3. Share (10 min)

- **Create:** draw your favourite pattern from this term.
- A few children show their drawing and say what repeats.
- **Close:** “Smart thinkers notice repetition!” Say the Term 2 words with hand signs.
- **Activity Book pp68–69:** the Code it! page is a review game of 4 small tasks, one for each of the 4 term skills (the same skills as the Week 12 stations), and the Draw it! page asks for a favourite game from the term. Children can point or say the answer. Not marked.

Term 2 common mistakes

What children do	How to respond
Add any card to continue (red, blue, green…)	“Say it out loud: red, blue, red, blue… what comes next?”
Copy the colours but not the order	Point to each card in turn: “first red, then blue.”
Guess the next sound without listening	“Listen again. Clap it with me.”
Change the sorting rule halfway	“What is our rule? Colour or shape?”
Make a pattern with one move only (clap, clap, clap)	“Choose a different move for B.”
Call any colourful thing a pattern	“Show me the part that comes again.”

What if it doesn’t work?

- Rotation too slow → do Stations 1 and 2 as a whole class, then 3 and 4 in groups.
- Missing cards → claps, stamps and children’s bodies work for every station.

Support and stretch

- **Support:** start with a 2-card pattern and say it together; give extra turns at the station the child finds hardest.
- **Stretch** (optional, never assessed): ABB station cards.

How we check

Observation during stations only. **No quiz.** Tick the Term 2 checklist (Guide 05). The MVL thread goes on a separate note and is not part of the badge.

> **Safety**
> Big objects and card counters only (nothing smaller than a toilet-roll tube opening). Count pieces in and out. Walk between stations.
