02 · Lesson spec

Showcase, results & badge awards · morning catch-up + showcase (about 60 minutes with families) · fully unplugged · end of Nursery 1

Goal	Children show families what they can do, reflect on their year, and receive the Step Thinker · Term 3 badge and the Step Thinker Year badge.
Core parts	Move + Create
Materials	Week 11 ramps and towers with taped grid rows at 3–4 showcase stations; route cards; cut-out Ayo; toy car; Term 3 and Year badges and certificates; “My year with Ayo” cards; self-reflection sheet (Review sheet); a showcase wall of the year’s photos and drawings

Before families arrive

- **Catch-up check:** any child not yet seen in Weeks 11–12 does the Station 1 sequence (4 items + MVL) with the teacher.
- Fill in the record sheets; decide badges: **Term 3 badge** (Secure on all four items) and **Year badge** (MVL Secure). Write names on certificates.
- **Self-reflection** (10 min): children colour a smiley for each “I can” statement (Review sheet).
- **Create (Core):** each child makes a “My year with Ayo” card: one picture for each term (steps · patterns · problems).

Showcase stations, run by the children (25 min)

- **Move (Core):** at each station, children run Ayo’s straight route to their ramp for families and explain: “Forward, forward, stop… and down the ramp!”
- **Code:** a family member swaps two route cards; the child finds them and swaps them back (“That’s how I fix a mistake!”).
- **Build:** the Week 11 ramps and towers are on display; families roll the toy car down.
- **Showcase wall:** the year’s photo frames and drawings (Term 1 Robot Says, Term 2 Robot Dance, Term 3 Ramp and Route).
- **Stretch:** children explain their work to a visitor in full sentences.

Badge ceremony (15 min)

1. Welcome families. **Say:** “This year we learned that things happen in order, smart thinkers notice repetition, and we can solve small problems.”
2. Children say the thinking steps with the poster: What is the problem? Small steps? Safe way? If…, then…? Another way!
3. **Term 3 badge:** “**[Name]** is a **Step Thinker, Term 3!**”
4. **Year badge:** “**[Name]** can put 3 steps in order and fix a mistake. **[Name]** is a **Step Thinker for Nursery 1!**” Give the Year badge and certificate.
5. Children not yet Secure: give a Step Star sticker and a certificate of taking part, and say “You are on your way!” Their record goes to the Nursery 2 teacher for support.
6. Celebrate any Stretch work with a special mention.
7. **Close:** “Next year in Nursery 2: Ayo learns to turn! See you there!”

8. **Activity Book pp109–110:** the Step Thinker badge certificate and the Year badge certificate. Write the child's name, sign and date it at the ceremony.

Common mistakes

- Adults doing the demonstration for the child → let the child run the station; the teacher only helps if asked.
- Giving badges for effort alone → badges follow the records; effort gets the Step Star and warm praise.
- Mixing the two badges → Term 3 badge = Term 3 checklist; Year badge = MVL only.

What if it doesn't work?

- Families cannot come → invite another class or the head teacher; send certificates and home cards home.
- No colour printer → print the badges in black and white and let children colour them.

How we check

Self-reflection smileys (not marked). Badge decisions come from the Weeks 11–12 records.

> **Safety**
> Keep walkways clear for visitors; children walk at stations; no climbing on ramps; adults supervise doors and the playground; children go home only with their own grown-up.
