Practice & Play: Pictures Tell a Story · 40 minutes · whole class, then groups of 4–6 · fully unplugged · no new concept

Goal	**I can put pictures in story order and fix a wrong one.**
Core parts	Move + Code
Key words	story · beginning · end · retell (review: first, next, last, fix)
Materials	Ayo's market trip cards (4) and Jack and Jill cards (4), one set per group; story strips (Printables); cereal-box strips and glue (optional); a mat for acting

1. Watch (5 min)

- **Show** Ayo's 4 market-trip cards, mixed up. **Say:** "Oh dear, Ayo's story is mixed up! Can we put it right?"
- Move the cards as children answer: **first** he leaves home, **next** he rides the bus, **then** he buys bread, **last** he comes home.
- **Say:** "A story has a **beginning** and an **end**. When we tell it again in order, we **retell** it."
- **Hand signs:** beginning = hands open like a book · end = close the book · retell = roll hands forward · story = hands together then open.

2. Do in groups (25 min)

a) Jack and Jill, whole class (8 min) · Core: Move

- Say the rhyme together and act it in 4 parts: **up the hill** (march on the spot) → **fetch water** (scoop with a pretend pail) → **fall down** (sit down gently) → **tumble after** (roll on the mat or sit).
- Then the teacher swaps two parts ("fall down… then up the hill!"). Children shout **"Fix it!"** and act the right order.

b) Story circle, groups (12 min) · Core: Code

- Each group gets Ayo's 4 market-trip cards, mixed up. They put them in order on the story strip and **retell** it: "First…, next…, then…, last…"
- Then one child secretly swaps two cards; the group finds and fixes them.
- The teacher sits with the group that needs most help. Use **3 cards** with that group (leave out "ride the bus").
- **Stretch:** add a 5th card (eat the bread at home) and retell in your own words.
- Optional Build: glue the ordered cards on a cereal-box strip (an adult does any cutting).

c) Activity Book page (5 min)

- Number the story pictures. Not marked.

3. Share (10 min)

- Two groups act their story for the class; the class retells it together.
- **Ask:** "What happened at the **beginning**? What happened at the **end**?"
- **Create** (if time allows): draw the end of Ayo's story: what happens last?
- **Close:** "Stories have an order, just like robot steps. Next week we use order to plan a path!"

Common mistakes

- Children tell what they see on each card but not the order → point along the strip and say “first… next… then… last…” with them.
- Reshuffling everything when two cards are swapped → “Check each card. Which two are wrong?”

What if it doesn’t work?

- 4 cards is too many → use 3 cards.
- No printed cards → act the market trip as a story walk around the room.

Support and stretch

- **Support:** 3-card story (leave home → buy bread → come home).
- **Stretch** (optional, never assessed): 5 pictures; retell in your own words.

How we check

Observation only. Tick each child who **orders 3–4 story pictures, retells them and swaps back two swapped pictures**.

> **Safety**
> “Fall down” and “tumble after”: sit down gently or roll on a mat. Never fall from standing. An adult does any cutting of cereal boxes.
